

CHESMAR CARES

Chesmar Homes remains committed to setting a higher standard in everything we do. Our sales centers are open today, however for your safety, the safety of our associates and as a means of prevention against the COVID-19 virus, we will not be shaking hands.

If you are feeling ill or have recently traveled, we respectfully ask that in lieu of visiting today, call or text us to set up a FaceTime appointment.

Our New Home Consultants are standing by, ready to virtually showcase our homes to you.

Thank you for your understanding and cooperation.
